

NATIONAL EDUCATION ASSOCIATION

NEA Office of Educational Support Personnel

The NEA represents well over a quarter million Educational Support Personnel (ESP) in nine job families: Building and Grounds Maintenance and Repair, Security Services, Food Services, Health and Student Services, Paraprofessionals, Secretarial/Clerical/Administrative Services, Technical Services, Trades/Crafts/ machine Operators, and Transportation/Delivery/Vehicle Maintenance. Because 90% of ESP members live in their neighborhood school communities, as compared to 43% of teachers, they are often the entry point into local school communities. Several publications are available. To learn more about NEA's ESP members, check out the ESP Web site (www.nea.org/esp).
